<http://americannews.com/school-filing-racial-discrimination-against-students-who-refuse-muslim-education/> **School Filing ‘Racial Discrimination’ Against Students Who Refuse Muslim Education** 30 October, 2014 (Edited by DCB) - Just as they should have been “Parents of students at Littleton Green Community School were outraged after they found out that if their children decided not to attend a controversial field trip, they would be officially deemed racist.” Where was the field trip going? It “was to a religious workshop about the Muslim faith” and if a child did not attend the “administration warned that a ‘racial discrimination note’ would be added to the students’ school records”. However “Afraid of the disturbance they’d caused, the school quickly retracted their statement, saying instead that it was ‘important for children to learn about cultures and religions other than their own.’” Is Islam a race or religion?

<http://www.christiantoday.com/article/leading.cofe.bishop.jonathan.baker.to.remarry.after.divorce/42247.htm> **Leading CofE bishop Jonathan Baker to remarry after divorce** 28 October, 2014 (Edited by DCB) - Traditional must not mean conservative for “A leading traditionalist bishop in the Church of England is to remarry after divorce having been given permission by the Bishop of London and the Archbishop of Canterbury.” In the Church of England “there are conservative evangelicals and Anglo-Catholics who would oppose such a remarriage being permitted while a former spouse is still living.” This view “stems from the traditional Gospel view that marriage is for life.” However, the man behind the controversy, Bishop of Fulham, Jonathan Baker, said ““I reached this decision after a great deal of thought and prayer.” Well, that settles it, if he prayed about it! Doesn’t it?

<http://www.dcmuslimcaucus.org/election-press-release/> Yes, “The District of Columbia Muslim Caucus was formed in 2008, **during the historic election of President Barack Obama**. As an organization, it represents the estimated 20% of DC residents who are Muslim or live in a household together with a Muslim. In the past six years, the DC Muslim Caucus has endorsed scores of winning District candidates, raised thousands of dollars and recruited dozens of volunteers for its endorsed candidates, and mobilized thousands of votes in support of candidates. According to Islamic tenets, Muslims participating in democratic elections are obligated to vote as a bloc based upon a consensus

of the Muslim community.” So much for individual freedom?

<http://www.breitbart.com/Breitbart-California/2014/10/31/Parents-Pull-Son-From-Class-Because-School-Is-Teaching-Islam> **Parents Pull Son from Class Because School Is Teaching Islam** (Edited by DCB) - America or Saudi Arabia? The “Parents of a boy enrolled in Manhattan Beach Middle School are pulling their son out of class because the school is teaching children the tenets of Islam”. These parents said they did not mind their child being taught the history behind the religions “but not the tenets of the faith.” The father said “Can you imagine the outcry all over this country if children were bringing home paperwork that asked them to write down John 3:16, or asked them to write down the 10 Commandments?” Yes “The parents talked to the principal, but the school refused to change the schoolwork, prompting the parents to remove their son from the class.” The school also refused to respond to questions from a local television station.

<http://libertyunyielding.com/2014/11/01/california-parents-pull-son-school-teaches-tenets-islamic-faith-video/> **California: Another school teaches Islamic religion; parents pull son out (Video)** 1/11/2014 (Edited by DCB) - Another California “public middle school was quite literally indoctrinating students in Islam by requiring them to adopt a Muslim identity at school for three weeks: [In] a seventh-grade history course at Excelsior Middle School in Byron in the fall of 2001...[t]he teacher, using an instructional guide, told students they would adopt roles as Muslims for three weeks to help them learn what Muslims believe.” It is only separation of church and state but not state and mosque or so it seems in California!

At the same time the report shows “how religious freedom in Australia had deteriorated” and as Islam has grown there has been an “increase in anti-semitic incidents in the country”. Also with Islam growing in numbers “religious freedom had deteriorated in 55 out of the 196 countries” with “Christians” remaining “the most persecuted religious minority”.

<https://www.lifesitenews.com/news/former-navy-chaplain-faced-death-threats-from-gay-activists-during-successful-run-for-colorado-assembly> **Former Navy chaplain faced death threats from gay activists during successful run for Colorado assembly** 7/11/2014 (Edited by DCB) Gordon Klingenschmitt is “A former military chaplain who was discharged for publicly praying in uniform has won election to the Colorado General Assembly, despite several alleged death threats from homosexual activists.” The former Navy chaplain said he would “work hard to represent all people of my district, regardless of political or religious belief.” He went on to say “I will defend everybody's First Amendment rights.” Sadly that is a right some courts in the USA do not seem to understand.
