Standing unashamedly for the King James Bible

<http://www.bbf.org/> - This is the Baptist Bible Fellowship International's meeting in Orlando, FL February, 2015. In the video especially note the beat of the music. Where is the difference now between the BBFI, new evangelicals and the charismatics? CCM is certainly a part of the BBFI.

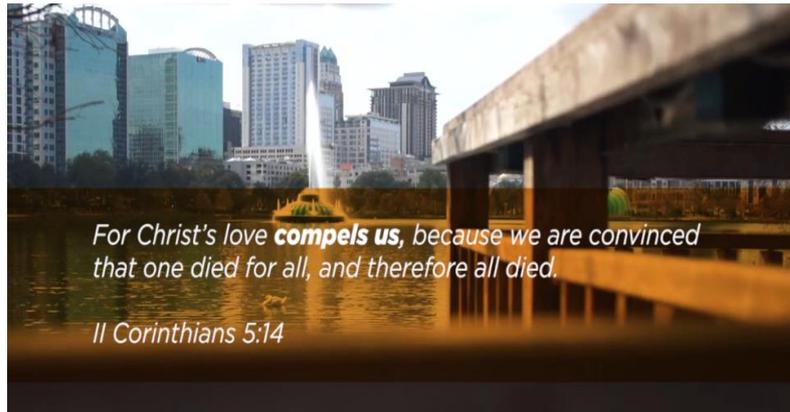

<http://www.bbf.org/events/2015/9/14/september-national-fellowship-meeting> - These photos are from a promo for the BBFI September National Fellowship Meeting at High Street Baptist Church, Springfield, MO. What makes the BBFI distinctively independent Baptist?

This is from another promo for the BBFI February meeting in Orlando, FL. Even though the BBFI's Articles of Faith does not state anything about English translations it was the King James Bible that was used predominately in BBFI churches in the past. That certainly isn't the situation today. Does the type of music used promote other changes?

<http://www.highstreet.org/> The September BBFI National meeting will be held at the BBFI flagship High Street Baptist, Springfield, MO. Here are a few photos from High Street's web site.

“People have a lot of opinions about what church is all about. We make it really simple - we are all about Jesus. Whether you have been a follower of Jesus for years or are investigating Him for the first time, High Street is the place for you. Our hope is that through everything we do you'll be drawn to Jesus! Visit us this weekend and experience High Street for yourself.” Can the difference between the world and the church be seen in these photos?

It is very disappointing to see how far the BBFI as an organization has gone into CCM and the use of other English translations. However, these changes did not begin over-night. All of this was sown somewhere, someplace, by someone, at some time in the BBFI past and the harvest is now being reaped. Galatians 6:7 “Be not deceived; God is not mocked: for whatsoever a man soweth, that shall he also reap.” The trouble is some will not recognize that the fruit reaped is rotten.

Now for something different;

<http://www.beyondblue.org.au/> - **Is it okay to be left handed? #StopThinkRespect -**

I am left handed and have found some things in life harder to accomplish due to that. However, I never thought it would become a symbol for depression or sodomite discrimination. The video may be viewed at the above web address or at:

The sodomite crowd is out to get our children/grandchildren and they don't care how they get them.
