<https://jimbakkershow.com/> Yes, Jim Bakker is out of prison, remarried and back on television. “Join us for a live studio taping of The Jim Bakker Show with Special Guest Dr. David Jeremiah, founder of Turning Point Radio and Television Ministries and senior pastor of Shadow Mountain Community Church.” David Jeremiah’s father, James T. Jeremiah, was President of Cedarville College, now University, for twenty-five years and very active in the General Association of Regular Baptists. Today Cedarville and David Jeremiah’s Shadow Community Church in El Cajon, CA are both firmly settled at home in the SBC. Perhaps this appearance on Bakker’s show isn’t so unusual!

<https://www.youtube.com/user/HeartSongMinistries/videos-> Cedarville University was once an approved school of the General Association of Regular Baptist Churches and was known as the more liberal of the GARBC schools in standards and music. Now Cedarville is in the Southern Baptist camp and things haven’t gotten better. Did we think they would!?

This may be too subjective for some, but after watching both videos which is honestly more pleasing to the ear and to the Lord?!

Apes are generally more violent to one another than other mammals, and this tendency has been passed on to humans, a study suggests.” “In total, the research published in the journal Nature covered 1,024 species from 137 families dating back to the first mammals that lived some 100 million years ago. The research suggests the current low level of homicide death is only thanks to societal restraints that curb our natural instincts.” Anything but the Bible and that word known as SIN!

perspective they should. I am very concerned that the discussion does not become harsh or vilifying – on either side, for it is not only Christians who have sometimes failed on this score.” Freir went on to say “...that this was not ‘a theoretical issue’ for those people where it ‘directly impinges on their lives’; and added: ‘We understand that sometimes gays, lesbians and others have felt judged and rejected, even ostracised, inside the Church and that we have to be much more pastorally sensitive in future.’” All I can say to the Primate is a quote from God’s Word which says “*For this cause God gave them up unto vile affections: for even their women did change the natural use into that which is against nature: And likewise also the men, leaving the natural use of the woman, burned in their lust one toward another; men with men working that which is unseemly, and receiving in themselves that recompence of their error which was meet*” Romans 1: 26, 27.

BEHEADINGS 28/09/2016 – Yes, they do live among us! A court heard “The teenage wife of Sydney terror suspect Sameh Bayda has an infatuation with violence and once said she could watch beheadings all day”. She faces a jail sentence “...for refusing to answer the NSW Crime Commission's questions about an alleged planned terror act.” What is it we do not understand about the Religion of Peace? More money will now be spent on how to keep these people from being “radicalized”!

Temple Baptist, Raleigh, NC says “Because I love the movies, I like to share with others those movies that touched me deeply and to give them a chance to discuss them. I want them to see how they speak so deeply to me. My hope is that these movies will speak to them.” “That is the reason why I began a monthly event in my church called ‘Faith in Film.’” He takes a secular film and looks “at it through the lens of faith to see if there are biblical themes that can be gleaned from it.” His reasoning is that he wants “...to show people a deeply held belief: God speaks to us through movies that are not ‘religious’ by definition and there is more going on than just telling a story for profit.” This is pragmatism but sadly so many are following it today!

<https://hillsongchurchwatch.com/> “The proof that Joel Houston hasn’t a clue about the Christian faith is in his misplaced promotion of the (leftist group) ‘Black Lives Matter’ and their hashtag. This same misplaced social gospel of the Houston family is demonstrated here, exploiting a hashtag to further themselves through the latest social ‘slacktivism’ fads. As long as it makes them look good, they’ll promote the idea that they care for people. Christianity does not work like that.” <http://www.aim.org/special-report/reds-exploiting-blacks-the-roots-of-black-lives-matter/>
